Lâm Gia Kiên
Software Engineer

kienlamgia89@gmail.com | +0858699684

Career Objective

As an IT student with a background in programming and web development, I am eager to gain the opportunity to work at a company where I can apply my academic knowledge to real-world projects. I hope to learn from industry experts and experienced colleagues while contributing to practical projects, enhancing my programming skills and problem-solving abilities. My goal is to become a professional developer who continuously learns and grows in the field.
